Academic information

Courses with high demand

The below courses are high-demand, with many qualified students seeking entry to a limited number of places:

- Art and Design elective courses
- English Literature*
- History
- History of Art
- Philosophy
- Politics & International Relations

You will find that courses in the above subject areas are popular, in particular third year (honours) courses, therefore please be aware that if you need these classes to meet your degree requirements, we cannot guarantee places on these courses.

*There is a lot of competition for the available places in English Literature honours courses so we recommend that you consider our first and second year English Literature courses - which students have, in the past, found to be interesting and sufficiently academically rigorous.

The below courses are also rarely available to Study Abroad students:

- Education
- Law
- Nursing
- Sport

Making changes to your course list

If you want to make changes to your course list after you have submitted your application then please contact us by filling in our online enquiry form.

www.ed.ac.uk/study-abroad/contacts

Please note that the last opportunity to add or drop courses will be the end of the 2nd teaching week and no changes will be allowed after that.

You can also request a hard copy of your transcript be sent to you by selecting "Request an academic transcript" at the following link:

Please refer to the English Language Teaching Centre for more information:

www.ed.ac.uk/schools-departments/english-language-teaching

If you are coming to the UK to study for more than 6 months, you should apply for a Tier 4 General visa in your home country before travelling:

www.ed.ac.uk/international-office/immigration/new-students/tier-4-general-visa

If you are studying here for less than 6 months and you do not wish to work, extend your studies in the UK or bring dependents, then you can apply to come to the UK as a short term student.

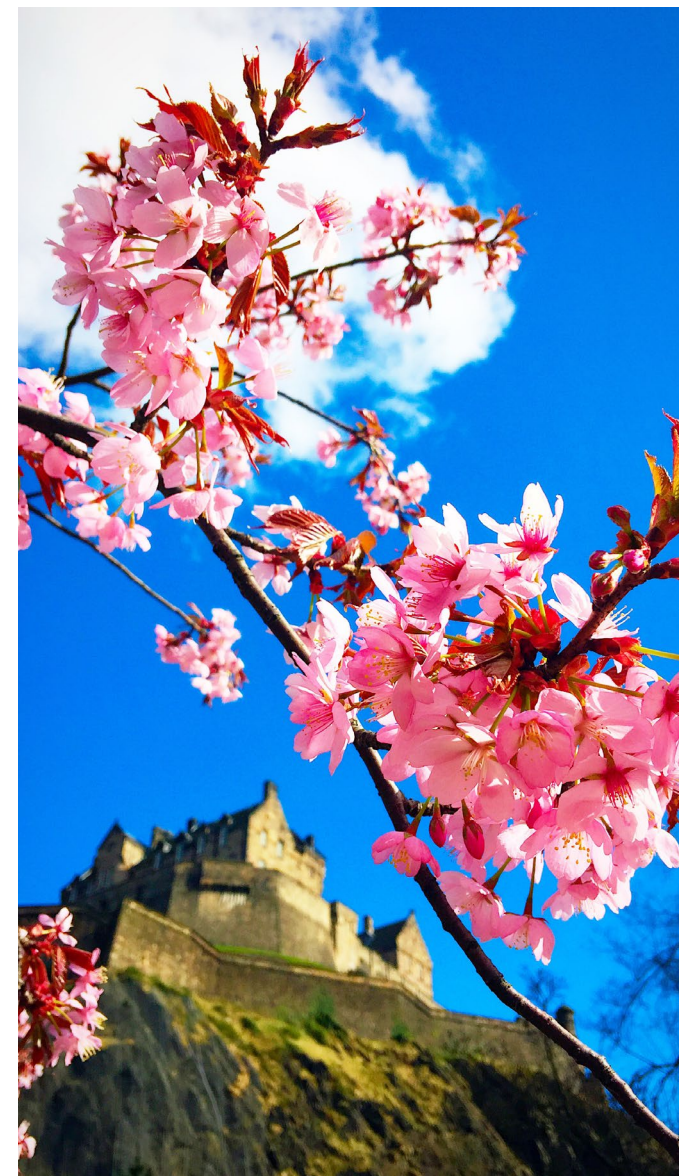

www.ed.ac.uk/international-office/immigration/new-students/short-term-student

Nationals of some countries can travel to the UK for up to six months without needing to apply for a visa before travelling. These are called 'non-visa nationals'. If you are a non-visa national, you can ask for permission to be admitted to the UK when you arrive at immigration control.

For more information check our visa pages:

www.ed.ac.uk/study-abroad/help-for-you/visa-requirements

If you are planning to apply for the short-term student visa upon arrival at the UK port, you must **not** travel via the Republic of Ireland.

Living costs

(Basic living costs based on 2015/16 prices)

For each month students are resident in Edinburgh they should allow themselves the following sums of money to cover their expenses in the academic session.

Estimated monthly costs

Rent	£360	£700
Food	£140	£250
Gas/electricity*	£40	£80
Internet	£20	£60

*Most University accommodation includes gas and electricity costs.

These costs do not include tuition fees.

Further expenses

Study Abroad students who are here for only one semester and who stay in private (non-University) accommodation may be required to pay Council Tax. Information about Council Tax is available from The Advice Place:

www.eusa.ed.ac.uk/adviceplace/moneyandfunding/counciltax

In the unfortunate circumstance of a student failing an exam, the student will be liable to pay the charge for a resit examination.

A more detailed break down of living costs is available on our website:

www.ed.ac.uk/studying/international/finance/cost-of-living

Travel

Most students live near the University and can easily walk to classes. If students find accommodation further away from the university, but still within the city boundary, they may need to budget for bus travel, around £45 for a 4-week travel card.

Accommodation

Students should submit their accommodation application on-line: www.ed.ac.uk/study-abroad/help-for-you/accommodation

Study Abroad students are guaranteed accommodation, providing their application is submitted in good time. The final deadline for receipt of accommodation applications for September starts is 16 August and 16 November for January starts. Please note that we cannot guarantee that you will be offered the accommodation you ask for.

Search the range of university accommodation available on the Accommodation website: www.accom.ed.ac.uk

Early arrivals

Please check details with Accommodation Services: accom.allocations@ed.ac.uk

Health & personal insurance

If you are coming to the UK for more than 6 months then you will need to pay an immigration health surcharge when making your visa application. This charge will allow you equal access to the National Health Service (NHS). You may have to pay for dentistry and some more specialised services on the NHS. More information on the health surcharge can be found here: www.ed.ac.uk/international-office/immigration/new-students/health-surcharge

We recommend that short term students get normal travel insurance that includes medical insurance. While students will usually receive NHS treatment free of charge, you may be asked to pay for certain medical appointments and medication, therefore we would usually advise for students to purchase insurance.

For further information please refer to:

www.ed.ac.uk/staff-students/students/new-students/health-insurance

You should register with a Doctor soon after your arrival in case you need medical advice/treatment whilst you are here.

Students should also ensure that they take out adequate insurance protection to cover personal items, such as baggage, books, personal computers etc. Insurance is included in the rent for students who are in university accommodation.

Computing facilities

The University has a number of open-access labs and there is an extensive network of wireless points throughout the University sites.

The University's residential networking system provides a telephone, data and internet service to around 85% of students in our residential accommodation. For more detailed information please refer to:
