

# MY SUMMER WITH ASHINAGA UGANDA

By: Tobi Jegede  
Class of 2018

# MISSION OF ASHINAGA & WORK LIFE

## Goals of Ashinaga Uganda

- ❖ To empower 100-year vision scholars and prepare them for entrance exams and the admissions to universities all over the world
- ❖ Create a family of globally-educated scholars to come back to help innovate their home countries in Africa

## Work Life

- ❖ Taught Classes in:
  - ❖ Computer Skills
  - ❖ SAT Math
  - ❖ Introductory Calculus
  - ❖ Introductory Physics
  - ❖ Application Mentoring
  - ❖ Preparing for University Application

# WORK LIFE

Teaching  
Calculus to  
the Potential  
Engineering  
Students →

# MOST REWARDING WORK EXPERIENCE

- ❖ Getting to see how engaged and empowered students were to learn
- ❖ Knowing about each of the personal stories of the students
- ❖ Engaging students outside of the classroom
- ❖ Having a Closer-Knit Buddy System

# IMPACT ON THE ORGANIZATION

- ❖ Less about my own impact but more about the organization impacted me
- ❖ **Practical Level:**
  - ❖ Started the process of preparing the scholars for their admission to university
  - ❖ Making practical connections for the students with community leaders as well as with the interns
  - ❖ Laid the groundwork for the following years in terms created in-depth class descriptions and deciding which classes were the most relevant

## LINK BETWEEN WORK & ACADEMIC AIMS

- ❖ Taught classes related to engineering/  
preparing to do engineering
- ❖ Showed me the potential values that I  
want a future career to instill within me
- ❖ Helped to explore a potential career path  
in teaching

# PERSONAL GROWTH + ASHINAGA

- ❖ Ashinaga's Impact:
  - ❖ Helped me to become more confident in front of a crowd
  - ❖ Facilitated discussions about the environments that I want to work in as an adult
  - ❖ Enabled me to become more comfortable interacting with individuals from all over the world
  - ❖ Sharpened my team-building and problem solving skills

# FUN WITH ASHINAGA!
