Tarija – school clinics
Most rewarding aspect(s)

Hands-on learning experience
Face-to-face medicine

Cultural awareness
BE GRATEFUL
My impact

Help doctors deal with patients, lessen their workload
Tutor young children + widen their world
Medicine in my future?

• Finally saw interpersonal side of medicine
• Can my stomach take it?
• Small clinics v large hospital setting – which is more effective?
• Demographic I want to work with – children?
• Hands-on medicine – it feels good to make a difference
Stay open-minded

- To different cultures
- To different career options
- To different areas of the world
- Don’t box yourself in too early!
